Elizabeth – some thoughts.

The main message under question #1 I think should resonate through all our talking points, me thinks.

Subject: draft Qs+As for CF update rollout

Hi, All. Please find attached my first draft of some Qs+As for the roll-out of the CF Update. The focus of these Qs+As is the agreement on insects. As you probably know, Jim wants the agreement to be highlighted in the roll-out. So we can probably expect some interest.

Do you think I hit all the correct questions? What about the answers? I have not yet shared with FEAD. I have spoken with Eric of FDA about these – he said he liked the questions and gave a few ideas on responses.

Thanks.
